Mrs. A. G. Beale Elected President

The Parent-Teachers' Association held their annual meeting last Tuesday evening in the schoolroom, Mr. E. Blackburn occupying the chair. Committee on the questionnaire sent out to every parent, reported they had sent out 175 of these, and the meeting was well attended, there being about thirty-eight present.

The officers for the year were elected at this meeting, as follows:

Hon. President, Mr. Ramsay; president, Mrs. A. G. Beale; vice-president, Mr. N. Watts; secretary-treasurer, Miss Christie. The programme committee was appointed, as follows: Mr. Voss, Mr. Simister, Mrs. Ramsay and Rev. T. Griffiths. Mr. Ramsay was appointed auditor.

After the new officers were installed, Mrs. Beale thanked the members for electing her to the position of president, and requested the co-operation of all interested. The other officers and members of committees each addressed the meeting.

A hearty vote of thanks was tendered the retiring officers, followed by a few suggestions for the programme committee to assist them in drawing up an interesting programme for the year.

It was decided to commence the meetings sharp at 8 p.m., and close at 9.30 p.m., and a half hour for social chat. It was also decided that all entertainments be held in the Wesley Hall.

Delightful Dance at Mayne Island

(Review Correspondent.)

MAYNE ISLAND, Jan. 17.—On Thursday last the dance given by Capt. and Mrs. Eustace Maude was well attended, over a hundred neighbors being present. During the evening the wedding cake was cut by the bride with her husband's sword. Dancing was continued until 3 a.m. A good moon and calm waters greatly helped in making the journey back and forth not only easy but enjoyable. Mr. Emery's orchestra was much appreciated by those present, they kindly giving their services and certainly it added to the pleasure of the evening.

On Saturday evening a meeting was held at the Hall by the members of the Mayne Island Athletic Club. Mr. Hill, chairman. Mr. Macdonald being on the sick list, Mr. Gennet, secretary, receiving the yearly subscriptions. Officers elected for the year were: Mr. Macdonald, president; Mr. Hill, vice-president; Mr. J. Bennett, treasurer. Mr. Hill, Mr. G. Maude, Mr. Emery were put on the dance committee.

Reg. Payne is staying with his grandparents for the week-end.

Mr. and Mrs. Mole came over to Mayne Island to catch the Charmer last Monday.

Mrs. Holgate was a guest at the Rectory last Thursday night.

We are pleased to see Mrs. Forster able to be out again after a long illness.

Mrs. Naylor is leaving for Victoria this week.

Miss Guernsey, who are sorry to learn, has a severe attack of mumps. The lighthouse tender Esteyan put in with stores for the Mayne Island lighthouse this week.

Mr. Burnett and Miss Lena Cook were married at St. Mary's Church, Mayne Island, last Tuesday.

Miss Kitty Payne is staying at the Rectory.

Mr. John Bennett is in Vancouver.

WILL ADDRESS WOMEN.

Mrs. Speedie, secretary of the North Saanich Women's Institute, has received word from the Victoria Institute that Dr. Baker, a very notable speaker, will address the High School students tomorrow morning in Victoria, at 11 o'clock. At 3 p.m. he will address women only at the Panthea Theatre, the subject being "A Mother's Relation to Her Daughter." At 8 p.m. Mr. Baker will give an address to men only on "A Father's Responsibility to His Son." No admission fee will be charged, and a hearty invitation is extended to all who care to attend. The speaker has been obtained through the efforts of the Victoria Rotary Club. The members of the Institute are requested to note the time of the lecture and are asked to attend if possible.

Mr. and Mrs. Verdier Surprised

(Review Correspondent.)

SAANICHTON, Jan. 17.—Stealthy figures congregated at the corner of Verdier avenue on Wednesday evening, between 8 and 9 o'clock and invaded the home of Mr. and Mrs. F. Verdier equipped with good things. Games and dancing were indulged in till 3 a.m. Among the games played was a new one which evoked great merriment, in fact, one person has intimated his refusal to attend any more unless the same is repeated.

The music for the evening was in the capable hands of Mr. C. Heaton, and after a happy evening, which was voted a complete success, Councilor Brooks moved a vote of thanks to Mr. and Mrs. Verdier, which was responded to by all present singing "For He's a Jolly Good Fellow."

Following is a list of those present: Mr. and Mrs. A. T. Pope, Mr. and Mrs. J. Black, Miss Myrtle Headley, Miss Ivy Vye, Miss Iris Vye, Mr. E. R. Starling, Miss Starling, Miss Rev. E. R. Starling, Mr. and Mrs. E. John, Mr. R. Crawford, Mrs. C. John, Mr. S. Harrison, Mr. Colin A. Chisholm, Mr. A. Lacoursiere, Miss Hawkins, Mr. Alfred Renouf, Miss Muriel Griffey, Mrs. P. Swan, Miss Margaret McKenzie, Miss Hagan, Miss Morris, Miss Mildred McKenzie, Miss Alma Jeune, Miss Edith Jeune, Miss Myrtle Malcolm, Mr. F. Richmond, Mr. Saint, Mr. G. Malcolm, Mr. F. Tomlinson, C. W. Heaton, Mr. C. White, Mr. R. Bryden, Councilor J. L. Brooks, Dr. Whitehouse.

Members of North and South Saanich Agricultural Association will be interested to know that the secretary, Mr. C. A. Chisholm, has power under the Department of Agriculture, to arrange with members for a refund in accordance with the regulations governing the distribution of \$30,000 voted by the Legislature for grants to settlers in aid of purchases of stumping powder for land clearing purposes. Prospective buyers will be glad to learn that a powder magazine is located and delivery can be made at short notice.

Mr. E. Blackburn, during his peregrinations, has been continually railing at Fate stepping in to keep him from the surprise party with the rest of the boys and girls. We certainly missed his genial smile. However, he says nothing will keep him from the next one, which is now pending.

The many friends of Mrs. Seata will be sorry to learn that she has been confined to her room. We hope that it is nothing serious and that she will be able to resume her duties soon.

There will be a concert and dance held in the Agricultural Hall, Saanichton, on Saturday evening last between the "Crusaders" and Saanichton proved very exciting, the score at half-time being nine all. However, the "Crusaders" were well ahead after that and won 29-19. The teams were as follows:

Crusaders—Hole, Dowds (forwards), Buckles (centre), Cull and Greaves (guard).
Saanichton—E. Buckle, R. Crawford (forwards), A. Buckle (centre), Lemon and McNally (guards).
Referee, Sid Hole.

(Continued on Page Seven)

Held Delightful Birthday Party

Miss Nellie Engnes, of North Saanich, was the hostess at a delightful party last Monday, being the occasion of her sixteenth birthday. The invited guests arrived at 3.30 p.m. and indulged in playing very jolly games until 4.30 p.m., when they were called to enjoy the delicious refreshments, including the lovely birthday cake which was the centre of attraction. Games were played during the evening, and after extending thanks and good wishes to the hostess all left for home at 9.30 p.m., declaring they had never spent such a jolly time. Those present on this happy occasion were Mrs. H. Engnes, Mrs. H. Steinberg, Caroline Williams, Nellie Engnes, Annie Lorne, Amy Lively, Katie Lorne, the Victoria Rotary Club. The members of the Institute are requested to note the time of the lecture and are asked to attend if possible.

A New Feature

Bob Adams, a contributor to the "Country Gentleman" and other well known periodicals, hereafter will write a prose poem every week for The Review under the heading of "Rude Rural Rhyme." This newspaper is one of a syndicate of leading country weeklies for which Mr. Adams is writing these poems exclusively.

Everyone is familiar with the "Lineless Rhymes" of Walt Mason, which for years have been features of hundreds of daily papers throughout the country. Mr. Adams is just as facile in rhyme and original in humor as is "Uncle Walt."

Readers of this paper will, it is confidently expected, watch eagerly each week for the Bob Adams poem.

News Budget From Keating

(Review Correspondent.)

KEATING, Jan. 17.—The Misses Aletta and Iola Lawrie have been spending the past week visiting friends in Victoria.

Miss Estelle Gold has been confined to her home for the past ten days with a severe cold.

Miss May McCarthy had the misfortune to again dislocate her shoulder while playing basketball on the school grounds last Friday afternoon.

Mr. W. A. McKay, who has been suffering from a severe cold, is again able to be around.

Mr. and Mrs. Danziger, of Winnipeg, are the guests of Mrs. Hafer for a short time.

Miss Clara Cruse is spending a couple of weeks visiting with Mr. and Mrs. Gold and family at "Highwood."

A team was picked from the recently formed Keating basketball club to play the Saanichton team at the Agricultural Hall last Thursday night. The game resulted in a victory for Saanichton.

The January meeting of the South Saanich W. I. will be held in the Temperance Hall on Thursday, Jan. 19. The standing committees for the year will be appointed, and the usual good attendance is expected.

Mr. Ed. Cruse, one of the popular fruit-growers of this district, was united in marriage with Miss Daisy F. Hitch, of Victoria, on Wednesday, Jan. 11, at the residence of the officiating minister, Rev. Dr. Campbell. The best wishes of the community are extended to Mr. Cruse and his bride for a long and happy future.

The military 500 party held by the South Saanich Women's Institute on Saturday evening was fairly well attended. Eight tables were occupied. The highest score was captured by Table No. 2, with 27 flags to their credit. The winners were Mrs. T. F. Gold, Miss Edith Gold, Mr. J. H. Sutton and Mr. F. Freeland. The consolation prizes were awarded Mr. Danziger, Miss Patricia Gale, Mr. T. Michell and Mr. W. Michell.

The Farmers' Institute will meet on Thursday, Jan. 19, with the newly-elected president, Mr. Michell, in the chair. A very interesting meeting is promised, several well known speakers will address the meeting, among whom will be Mr. J. A. Grant, Markets Commissioner for B. C., who has some very interesting information on past experiences of the fruit industry, and the prospects for the coming season. Mr. C. E. Whitney, Griffiths and others will also speak on topics of interest to the community.

The condition of the roads around Keating is very unsatisfactory, and will require immediate attention from an economic standpoint, as further delay will cost the municipality a considerably greater outlay. The confidence placed by the people in re-electing Councilor Brooks will give him further opportunity to maintain their good-will.

NOTES FROM SALT SPRING

(Review Correspondent.)

SALT SPRING ISLAND, Jan. 15.—At the courthouse, Jan. 15, Cliff Wakelum was fined \$10 for shooting game out of season, and Mr. Dudley Seymour was fined \$5 for using profane language in the presence of children.

Many residents of Ganges died the death of Mr. King, who died while undergoing an operation.

Mr. A. V. Toynbee is in a Vancouver hospital.

Church services held in the Granary Methodist hall in the afternoon. Out of a population of 31 there were 28 present at the last service.

Genoa Bay Team Defeated Fulford

(Review Correspondent.)

FULFORD HARBOR, Jan. 17.—The Fulford basketball team had its first meeting with an outside team on Wednesday evening last when it made a trip to Genoa Bay and gave battle to the sawmill quintette. They were, as might be expected in such a meeting of amateurs vs. old timers, gloriously defeated, 41 to 10. However, they learned considerable about the game and have hopes of doing better next time. The team consisted of F. Downey, A. Hepburn, J. Peters, E. Reynolds and D. Lumley. After the game there was a dance and refreshments. The trip home was marked by several untoward events, including the breaking of the launch's rudder and paddling ashore for a plank to steer with.

On Friday evening a most enjoyable dance was given at the home of Mr. and Mrs. L. Peters at Fulford wharf. There was what must have been nearly a record attendance for a dance in a private house. Those present besides the host and hostess were Mrs. Mollet, Mr. and Mrs. W. C. Castle, Jr., Mr. and Mrs. C. Wakelin, Mrs. G. E. Akerman, Miss McLennan, Miss Mary Gyles, Miss Dorothy Akerman, Miss Hazel King, Miss Mary Hepburn, Miss Cates, Miss Tilly Akerman, Miss Jean Hepburn, Miss Vera King, Miss Winnie Douglas, Miss Edna Mollet, Miss Florence Mollet, Miss Eunice Cearley, Miss Silvia Trage, Miss Ivy Akerman, Miss Nita Reynolds, Messrs. F. Pyatt, R. Maxwell, P. Horel, E. Reynolds, R. Hepburn, D. Lumley, K. Harris, J. Sparrow, R. Williams, A. Trage, B. Stephens, A. Hepburn, W. Hamilton, E. Lumley, M. Gyles, M. McLennan, F. Downey, V. Douglas, J. Akerman, J. Peters, W. Coopsie, L. Reynolds, R. Peters, Baby Cearley, Baby Wakelin.

The fourth McPhillips Cup match was played last Saturday between South Salt Spring "A" and "B" teams. "A" team won by 6 to 0. The teams were:

"A" team—A. Hepburn, F. Downey, G. Hamilton, Drummond, M. Gyles, R. Williams, E. Lumley, W. Hamilton, D. Lumley, C. Wagg and P. Horel.

"B" team—R. Hepburn, A. Maxwell, W. Douglas, W. Stewart, J. Akerman, D. Rosa, L. Reynolds, E. Reynolds, W. Coopsie, V. Douglas, M. McLennan, P. Horel, J. Sparrow.

A minstrel show is being prepared here, under the auspices of the Women's Institute. Mr. T. M. Jackson, who is an old hand at this sort of work, will be chief organizer. The proceeds from the entertainment will go to the hall fund.

Miss M. McLennan has returned home after a lengthy visit to her sister in Oregon, U. S. A.

Mr. F. Pyatt's wood which has for some time past held down the Fulford wharf, has departed at last on the "Crofton."

Lieut.-Col. Bryant has purchased a team of fine trotters.

Jan. 16.—The funeral of Ethel Rowlands, daughter of Mr. and Mrs. Peter Rowlands, of Isabella Point, will be held here today from the Catholic Church. Miss Rowlands died at the Lady Minto Hospital, Ganges, on Jan. 13, of pneumonia.

FIRST RHUBARB OF SEASON

The Local Butchers had on sale last Saturday morning some of this season's rhubarb from the greenhouses of Mr. G. Neuvon. It is believed this is the first to come to hand this season.

Use Wilson's Invalid Port Wine for a bracing tonic. Lossage, the druggist.

Were Married in Vancouver

(Review Correspondent.)

GANGES, Jan. 17.—Mr. Walter Jameski left on Thursday by launch. He expects to meet his bride-to-be in Vancouver. She has just made the long trip from London.

In regard to the above, the Victoria Times of Jan. 18 contained the following dispatch from Vancouver: After two years weary waiting, two lovers who had been kept apart by the immigration regulations, were happily united on Monday evening at 5 o'clock when Walter Jameski, soldier settler on Salt Spring Island, was married to Miss Annie Rytynski, who has recently arrived from Europe. The Soldier Settlement Board interested itself in the love affair, and through its efforts the bride was brought out to Canada.

Before they leave for their home on Salt Spring Island, the Board is going to make the couple a little presentation. The bride, who is of Polish descent, is a charming girl. She is very accomplished and speaks six languages. Attired in a brown velvet frock with coral trimmings and hat to match she made a winsome picture at the altar of the Holy Rosary Cathedral, where the marriage took place. She was attended by Miss Isobel D. Orr of the Soldier Settlement Board, and W. W. Hilton, als. of the Board, gave her away.

Mr. Morris Gaine, of the Dominion Telegraph service, is at present on Salt Spring. He is staying at Harbor House and overseeing the completion of the new telephone line to Vesuvius Bay. The poles are all erected and the wiring well under way. It should only be a short time until this line is in operation.

The contract for finishing the upper story of the Lady Minto Hospital has been awarded to Mr. H. O. Allen, of Ganges.

Mr. W. H. Seymour is enlarging his house. He will build another storey, as well as additional rooms on the ground floor.

Mr. M. B. Jackson, M.P.P., was in consultation with his advisory committee on Friday evening. The meeting was held in the office building of the Salt Spring Island Creamery. Mr. Jackson came by launch.

T. Matsunaga, a Japanese, of the Sunrise Lumber Co., South Gibrilola, was fined \$75, and \$25 in default distress, and in default of fine and distress, three months imprisonment, on a charge of sawing a quantity of saw logs before the same had been scaled in accordance with the requirements of the Forest Act. The accused pleaded guilty.

Word was received this week of the sudden death, near Dublin, Ireland, of Henry L. King, who left Ganges only a few weeks ago to bring his wife and children to occupy his new home, which has just been completed. The house is prettily situated, facing the "Spit," Ganges Harbor, and adjoins the property of Mr. Edward Walter.

Mr. Jack James left on Monday for Vancouver.

It is rumored that the Salt Spring Football Association will hold a dance in the near future, but as yet nothing definite has been decided.

The Ganges Social Club has decided to hold their annual whist drive on Feb. 9, at the Mahon Hall.

The Ladies' Aid held their regular monthly meeting at the home of Mrs. S. Gregory.

(Continued on Page Seven)

Guild Had Very Successful Year

Last Monday afternoon the Guild of Holy Trinity Church held their annual meeting, and the retiring officers are to be congratulated upon the success of their efforts during the past year, the annual report showing that the sum of \$265 is on hand.

The new officers for 1922 are as follows: President, Mrs. C. Layard; vice-president, Mrs. Salmon; secretary-treasurer, Miss Gwynne.

The members regret Rev. Mr. J. W. Storey's decision to leave, as both he and Mrs. Storey have been of great assistance. Mrs. Storey was president of the Guild last year. Rev. Mr. Storey addressed the members of the Guild, urging them on to their work and speaking of the possibilities of development in the district.

In future the Guild will meet on the first Wednesday in the month.

Splendid Report For Past Year

We are indebted to Mrs. Stanley Brethour, superintendent of St. Andrew's Sunday School, for the following excellent report, covering transactions for the past year:

Receipts
Money collected in Pyramid Boxes for missions in China \$ 00
Sunday School collections for 1921 52 00
Bal. on hand from 1920 2 23
Total \$65 23

Expenditures.
Mrs. Crosswell, for rent of grounds \$ 5 00
Mrs. S. Brethour, for picnic prizes 5 00
Missions in China 9 00
Miss R. Matthews, W. A., for M. Cochran 1 50
Sidney Trading Co. stove for Vestry 5 30
Gen. Board of Education 10 19
Litchfield, Ltd., Victoria, for prizes and books 20 12
Mr. N. Fralick, rent of hall for children's tea 3 00
Mr. J. Matthews, milk and cream for children's tea 1 30
Bal. on hand 8 82
Total \$69 23

There are 40 children attending St. Andrew's Sunday School.
MRS. STANLEY BRETHOUR,
Superintendent.

Enjoyable Dance at Pender Island

(Review Correspondent.)

PENDER ISLAND, Jan. 16.—The United Farmers of B. C., local organization, held their annual meeting in the Hope Day hall on Friday evening. A very interesting talk on "Fruit Growing" was given by Prof. Middleton. The usual business and election of officers followed, the former officers being re-elected for another year. There seems to be considerable lack of enthusiasm among a number of the members, and a desire, by some, to return to the old Farmers' Institute. There certainly has been very little accomplished under the U. F. of B. C.

A very enjoyable dance was given by Mr. Robinson, of Bridge & Robinson, Port Washington, in the Hope Day Hall on Wednesday evening. Through some inadvertent error there was no notice given of it at Hope Bay, but most of the young set were out. The floor was in splendid shape and the music was excellent. Refreshments were served at the close and this portion of the evening was thoroughly enjoyed. Among those present were Misses Betty and Ellen Fraser, Miss Thomson, Miss Elsie and Queenie Johnson, Miss M. Tolpelt, Mrs. Harold Bowerman, Miss Emma Newham, Mrs. MacRae, Messrs. Bridge and Robinson, G. Grimmer, P. Grimmer, Cramer, Auchterlonie, Bowerman, Johnson and S. P. Corbett.

Mr. Loy, of Salt Spring and Thetis Islands, wharf superintendent, has been on Pender for the past week awaiting the arrival of the pilot driver and men for the building of the new wharf at Hope Bay. Meantime he is staying with Mr. V. W. Menzies.

Judge Archer, of the Court of Revision, arrived on Wednesday last, leaving for Mayne on Thursday morning.

Mrs. Moarra, of Victoria, is visiting her daughter, Mrs. Harry Bowerman, for a few weeks.

Hope Day had a very business-like aspect last Tuesday morning, with the "Otter," "Coaster" and C. X. L. powder boat all in dock at the one time.

The steamship "Clausman" was in this evening with food for Corbett & Son.

Mr. Stiggings, of Alberta, is visiting his father and brother, Messrs. Charles and J. S. Stiggings, and enjoying our mild climate.

Mr. Alex. Hamilton went to Victoria last Tuesday for a short holiday.

Mr. A. H. Menzies went across to Mayne this morning to catch the "Charmer" for Victoria, whither he has gone, as secretary of the School Board, to see what can be done to relieve the present school situation here immediately.

Last Tuesday evening the Young Peoples' Guild held their opening night social in the rooming room of the Presbyterian church. There was

(Continued on Page Seven)

SPECIAL REVIEW SERVICE

BY PACIFIC PRESS SERVICE

SECT "MOSES" IS MISSING; SO IS MONEY.

VANCOUVER, Jan. 19.—The Rev. Abner Simpson, itinerant evangelist, who came from unknown parts several months ago, and gathered zealots to a new sect known as the Holy Spiritists, is missing and reports say the same thing has happened to funds entrusted to his care for the building of a little church. His followers, mostly poor people on the east side, number about 28. They have not lost faith in their creed, but believe their leader was tempted and fell with human frailty. They are making no charges, but leave vengeance to Heaven. Owing to the accounts being all in the keeping of the elusive leader, nobody seems to know what amount was in his possession. An elder of the sect is conducting services and an election will give the followers a permanent pastor. The Rev. Mr. Simpson styled himself the "Modern Moses" who was ordained to lead his flock out of the wilderness into the light.

TOO MANY ASSOCIATIONS OF ORCHARDISTS

VANCOUVER, Jan. 19.—Although nothing to the effect is heard from papers of the orchard districts of the province, the impression is given out here by visiting apple and other fruit growers that there are too many growers' associations. This view has been given out in four interviews from visiting apple men here within the past week. One prominent orchardist from the Salmon Arm district says: "We could accomplish more, and get down to more concentrated action for our own good if we were organized in fewer associations. The way it is now, our efforts are scattered. Many of us favor having one joint orchardists' association for the whole province, with branches, something like the Grange system among farmers."

HOBOS ON B. C. RELIEF LINE.

VANCOUVER, Jan. 19.—The police and relief committees are weeding out a number of American wearies and beeries who have been found in town, with no visible means of support, and who have been enthusiastic zealots in unemployed relief circles here. Some of them told conflicting stories that did not check up under investigation, and they are being chased back across the border amid lamentations and indignation. It leaked out, lately, that Seattle and Tacoma relief heads had encouraged them to come this way, and were told that Vancouver was a rich, generous city with plenty of work for the jobless. Many of them claimed they had been encouraged to come here upon that representation. Others, Canadians and British subjects, came from the prairies with the proof that they had been shipped here by way of passing them along.

BUILDING OUTLOOK IS GOOD IN B. C.

VANCOUVER, Jan. 19.—A bright review of the building activities throughout the province is predicted in reports coming from all parts, and being compiled for reference by W. J. Prout of this city. He says: "Not alone in Vancouver and Victoria. It is found, but all over the province, especially in the larger towns, there appears proofs of a bright building season. This is due to shortage of houses, the increase of settlers, and the consequent increase of business places. Then, in some parts, new industrial plants are opening. Another good sign is the tendency to build more community halls. Rent payers are also acquiring houses of their own on installments, instead of renting, and other conditions add to the excellent prospects in building this year."

VANCOUVER GIRL ATTRACTS INTEREST.

PORTLAND, Ore., Jan. 19.—Miss Rose R. Lusk, a popular and accomplished young woman of Vancouver, B. C., and who has been associated with the Vancouver exhibitions for several seasons, has attracted the notice of principals of the World's Fair to be held here in 1925. Despite the distant date, plans have been started for the great event. Miss Rolston is said to possess unusual qualities that are expected to qualify her as a favorable appointee to an important secretarialship.

Note—The Miss Rolston, mentioned in above report, is the daughter of H. S. Rolston, manager of the Vancouver Exhibition Board and known widely as one of the most experienced exposition executives in the west.

B. C. BACHELORS ORGANIZE.

VANCOUVER, Jan. 19.—Started as a joke several months ago, a Bachelors' Club here is being formally chartered with a large and growing membership. Its members include some well known professional and business men. The organization, however, has no aim at preserving permanent celibacy, but is only a social society formed of congenial spirits who are unmarried.

DROPS FROM MAYORALTY HOPES.

VANCOUVER, Jan. 19.—There is a wide social gap between the office of chief executive to the junk-pile but that is what has happened to J. Lotzkar, recent candidate for mayor on "the plain working man's ticket." He had a following of a kind, and paraded the streets in an auto escorted by the skirts of a squad of returned veteran bagpipers. His supporters, however, were mostly men who had no vote, so Mr. Lotzkar has returned to his humble avocation as a junk collector.

VANCOUVER NOW HAS NEW KIND OF MAYOR

VANCOUVER, Jan. 19.—After several years' familiarity with Harry Gale, mayor of Vancouver, the provincial metropolis wakes up to find an altogether different kind of mayor in office as the election result. A greater contrast would be difficult to imagine than that between ex-Mayor Gale and Mayor Tisdall, the new incumbent. Ex-Mayor Gale was a good mixer, a bon vivant, and an effervescent soul of resiliency and abounding optimism. He was the spirit of camaraderie and the heart of every one of the countless social gatherings of his tenure. Mayor Tisdall is hardly any of these things. He is staid, conservative, elderly and impassive. Of his probity there can be no question, and he has demonstrated traits of public worth, but there will be all externalism stripped from his wearing the civic toga and those who grew accustomed to the other type are now wondering how long it will take them to get used to the change.

TO FIGURE OUT FOG PHENOMENON.

VANCOUVER, Jan. 19.—Vancouver is getting thick fogs so often these days that she is getting used to them. It is becoming a habit instead of a rarity. They are not like the old fashioned London "smoke" so familiar to the few thousand Cockneys that are now denizens of this city. Vancouver has distinctly a fog of her own. It comes suddenly, for one thing. It never comes in the late hours of morning, but nearly always late in the afternoon, or late at night. And it fades away as quickly as it comes. It is not a suffocating fog, but a frosty affair that seems to get right down, and arises again. Somehow, it reminds one that all the clouds of nightfall find themselves too heavy to stay in skyland, so they drop like doped flies to the land below. Last winter there was hardly a fog worth noticing. This year finds them frequent here. Scientists at the University of B. C. have explanations for the watery vapors, with some conjectures that are still unsolved.

HINDUS ASK SCHOOL RIGHTS.

VANCOUVER, Jan. 19.—A petition, headed by one Ragnath Garth Singh, prominent in "The Progressive India" movement in B. C., is being prepared for presentation to Victoria, asking for "school rights" and an appropriation for night schools exclusively for Hindus. The petition contains this claim: "We, the neglected subjects of the Empire, would arise to solicit, not demand, school rights for His Majesty's subjects of India, now domiciled in this province of British Columbia." The leader seeks the position of teacher for himself, asking \$1,500 a year. He claims to be a "learned man" who is doing much for his fellow subjects of the far eastern colony of Great Britain."

TATTERED JUNK MAN RETIRES.

VANCOUVER, Jan. 19.—In the real estate deals this week appears the name of Saul Frank, purchaser of a choice homesite upon which he will erect a snug cottage. Mr. Frank is an aged junk man who has been a familiar figure for years. Attired in ragged raiment, and driving an aged horse, he picked up odds and ends from vacant lots and back yards. Now he has retired. Nobody thought he was worth a cent. He says there is money in old rubber tires, scrap iron, horsehair from old couches and other things that people throw away. Mr. Frank lately sent a generous donation to the Russian Jewish Relief fund. He will turn his old horse loose in pasture and rest for the remainder of its days.

"PAL" VANISHES WITH MONEY

VANCOUVER, Jan. 19.—Waterfront tolls lately aided a fellow longshoreman when he came out of hospital crippled, and raised enough to start him with a little lunch counter. But he has disappeared. As he was hardly able to walk without aid, it is feared he fell into evil company, and some are almost inclined to suspect foul play. The man is Paddy Mack, old timer. He was last seen in company with several Americans of dubious appearance, and all had been drinking. One theory is that he was doped with drink, robbed of his little nest egg for the lunch counter, and abandoned in some remote spot where he may be lying helpless, if not injured.

PLACE BAN ON MORBID SIGHT-SEERS.

VANCOUVER, Jan. 19.—Undertakers have placed a ban upon morbid visitants at their morgues and funerals. Some of them complain of strangers troubling them with calls to "see the remains" of dead persons who are apparently absolute strangers, although, in each instance, the callers claim to be "dear friends" of the dead. Bereaved relatives have started complaints and these are aimed also at morbid graveside sight-seers.

DECLINES TO BE REEVE.

VANCOUVER, Jan. 19.—Mr. Joseph H. Newman, one of the earliest living settlers of Vancouver, and one of the oldest established architects of Pacific Canada, was not induced to become chief executive of South Vancouver at the election of a few days ago. Mr. Newman, who is called "The Father of South Vancouver's Schools," as he built most of them, came to these parts when Vancouver was a mere small town nearly one-third of a century ago. He is still practicing his profession.

Matinee on Saturday, Feb. 4, at 2.30 p.m.

DOMINION EXPERIMENTAL STATION. SIDNEY, B. C.

PROGRESS OF OUR POULTRY BREEDING WORK

Reference has been made from time to time, in these columns, to our poultry breeding work. We are justly proud of our achievement since we have the proud distinction of having the best laying strain of Wyandottes in Canada, so far as the records go. Last year the average for our flock quite nearly approached 200 eggs per bird. While the average for our best ten stands without a peer. That we are improving year by year is shown by the following:

Ten best pullets, 1916-17 averaged 246.2 eggs per bird.

Ten best pullets, 1917-18, averaged 242.3 eggs per bird.

Ten best pullets, 1918-19, averaged 254.1 eggs per bird.

Ten best pullets, 1919-20, averaged 264.5 eggs per bird.

Ten best pullets, 1920-21, averaged 284.4 eggs per bird.

Particular attention is called to our hen No. 899 for she has given us 307 eggs in her pullet year, which beats "Princess Victoria" our former record breaker. Some account of our ten best pullets, before referred to, may be of interest.

616—Hatched March 7, 1920 from an egg laid by a pullet, an inmate of pen 4, containing 45 March hatched pullets and four males, as follows:

Pedigree of males:

No. 219, dams record 251. Record of sire's dam, 234
No. 225, dams record, 239. Record of sire's dam, 234
No. 231, dams record 239. Record of sire's dam, 234
No. 241, dams record 258. Record of sire's dam, 234

Age when first egg was laid, 167 days. Winter record 93. Pullet year record, 275 eggs. Egg weight, per dozen, 24½ ounces. Color of egg brown. Body weight at end of pullet year, 5 lbs. Lost no time through broodiness. Commenced to moult Nov., 1921.

801—Hatched March 31, 1920. Dam No. C301, with record of 204 eggs for pullet year. Sire's dam No. A77. Pullet year record, 234 eggs. No. 801 was 156 days old when she laid her first egg. Her winter record was 94 eggs. She laid 270 for the pullet year. Egg weight, 24 ounces per dozen. Color of egg, tinted. Thirty-nine days were lost through broodiness. Moulting started Nov., 1921. Body weight at end of pullet year 4.3 lbs.

638—Hatched March 7, 1920. Dam No. 612. Pullet year record 257. Sire's dam A5, record 261 eggs. 638 was 186 days old when she laid her first egg. Her winter record was 85 eggs, and she laid 288 during her pullet year. Egg weight, 25 oz. per dozen. Egg color tinted. No time was lost through broodiness. Moulting

commenced in Oct., 1921.

623—Hatched March 7, 1920. from a pen of miscellaneous hens, all of which had laid over 200 and less than 225 eggs during their pullet year. This pen was mated to the following males:

No. 203—Dam's record 254, record of sire's dam, 261
No. 206—Dam's record 234, record of sire's dam, 261
No. 209—Dam's record 256, record of sire's dam, 261
No. 229—Dam's record 256, record of sire's dam, 261
Age when first egg laid, 182 days. Winter record,

82 eggs. Pullet year record, 276 eggs. Weight of eggs, per dozen, 24½ ounces. Egg color tinted. Body weight at end of pullet year, 5.1 lbs. No time was lost through broodiness. Moulting commenced Dec., 1921.

899—Came breeding as No. 623. Hatched April 26. Was 219 days old when first egg was laid. Winter record, 89. Pullet year record, 307 eggs. Egg weight, per dozen, 24 ounces. Egg color white. Body weight at end of pullet year, 5.5 lbs. No time was lost through broodiness. Moulting commenced Dec., 1921.

972—Same breeding as 623. Hatched May 18. Age when first egg was laid, 222 days. Winter record, 88. Pullet year record, 272 eggs. Egg weight, per dozen, 25 ounces. Color of egg tinted. Body weight at end of pullet year, 4.6 pounds. No time was lost through broodiness. Moulting has not yet commenced.

861—Same breeding as 623. Hatched April 1, 1920. Was 206 days old when she laid her first egg. Winter record, 98 eggs. Body weight at end of pullet year, 5 lbs. Eggs weighed 25½ ounces per dozen. Color of eggs tinted. No time was lost through broodiness. This bird is still laying.

815—Same breeding as 623. Hatched March 7, 1920. Age when first egg laid was 231 days. Winter record, 105 eggs. Pullet year record, 288 eggs. Egg weight, 24 ounces per dozen. Color of eggs tinted. Body weight at end of pullet year, 5.4 lbs. Fourteen days were lost through broodiness. Moulting started Nov., 1921.

813—Same breeding as 623. Hatched March 7, 1920. Was 196 days old when she commenced to lay. Winter record, 91. Pullet year record, 290. Egg weight 24½ ounces per dozen. Color of egg tinted. Body weight at end of pullet year, 4.9 lbs. No time was lost through broodiness. Moulting commenced Oct., 1921.

866—Same breeding as No. 623. Hatched April 1, 1920. Was 221 days old when she laid her first egg. Winter record, 90. Pullet year record, 271. Weight of eggs, per dozen, 25 ounces. Color of eggs brown. Body weight at end of pullet year, 4.9 lbs. No time was lost through broodiness. Moulting commenced Oct., 1921.

E. M. STRAIGHT,
Superintendent.

One Hundred and Fifty-Fifth Voyage

When the Empress of Japan sailed from Vancouver to Yokohama, Kobe, Nagasaki, Shanghai and Hong Kong a short time ago, she started on her one hundred and fifty-fifth voyage. A voyage in steamship parlance is a round trip, or, in other words, until the ship returns to her home port again. The distance from Vancouver to Hong Kong is 7,291 miles, or a total of 14,582 miles to be covered on each voyage. When the Empress of Japan arrived at the port of Vancouver, she established a record for Trans-Pacific voyages. With the completion of her one hundred and fifty-fourth voyage, the Empress of Japan had covered 2,500,000 miles in the Canadian Pacific service, or equal to nearly one hundred times around the globe. In computing this record, there is not taken into her account her four years' war service.

The Empress of Japan was built at the yards of the Naval Construction and Armaments Company at Barrow-in-Furness, and arrived in Vancouver in 1891. She is a steel twin-screw steamship, three masts, two funnels, of 6,000 tons, is 455.6 ft. in length, 51.2 ft. in breadth, and 33.1 ft. in draft, 100 A-1 according to Lloyd's Register, and is noted for her trim yacht-like appearance. She has enjoyed greater popularity during her entire career than almost any of the smaller class of steamships on either the Atlantic or Pacific.

For thirty years the Empress of Japan has been in constant service without a single mishap to mar her record. Although in her day she was considered the finest of her type afloat, and for two decades was "Queen of the Pacific," she relinquished that honor only when the speedier and larger Empress of Russia and Empress of Asia were added to the Canadian Pacific fleet between Vancouver and the Orient.

It is a tribute to the builders of the early days when it is known that the ship has been in service for over 30 years and doing good service. In fact, the Empress of Japan still maintains a speed of sixteen and one-half knots an hour, and on Oct. 8 she made 387 miles in the

twenty-four hour period. The Empress of Japan accomplished the last trip from Yokohama to Vancouver in a little less than 12 days, allowing for the meridian day. Some of the crack American liners which have recently entered the Pacific service are considered to have exceeded themselves when they cover the distance in from fourteen to fifteen days.

WISDOM OF MODERN SOLOMONS.

We hear a great deal about the cost of living, but I don't think the insurance companies have put up the rates.—Louisville Courier Journal.

They used to wear hoops for skirts, but now they don't care a whoop for skirts.—Washington Post.

The girl who paints her face practices art for heart's sake.—Columbia Record.

The average young girl knows entirely too much long before her education is completed.—Philadelphia Record.

Every man makes a fool of himself occasionally, but the wise ones are those who don't make mistakes as often as the others.—Atchison Globe.

As a general thing, when any kind of calamity befalls a married man, he confuses the date of it with his wedding anniversary in after years.—Dallas News.

An optimist is a fellow who sees things as they ought to be when they are not; and a pessimist is sometimes a fellow who sees things as they ought not to be when they are.—Houston Post.

Probably nothing in the world of inanimate things looks more depressed and forlorn than a garment with elastic knee, as the advertisements say, with the elastic broken and out of service.—Ohio State Journal.

Homely girls may be smart. They often are. But the girl who makes herself homely with paint is not smart.—Toledo Blade.

Don't be a paper-borrower. Become a subscriber of your local paper. It costs you only \$1 for 6 months, or \$2 per year.

The Review

A lot of people are beginning to realize, is a newspaper that would do credit to a district having a far bigger population of enthusiastic people than the one which it covers. Of the very large number of weekly newspapers now published in the West it is doubtful that many, if any, publish the same amount of interesting and up-to-date reading matter as is found in these columns.

While it is almost impossible to obtain all the news of this large district, we are certain that we, through our large circle of excellent correspondents, obtain a very large proportion of it.

Our subscription price is only

\$2.00

per year and new subscribers are constantly being put on the list. In fact nearly all our entire issue is taken up with our list and consequently many people, who wish to buy a paper, are disappointed when we tell them that we are "sold out".

Therefore if your name is not on our list make up your mind to subscribe to the paper that you are most interested and that publishes the best news of the district in which you live.

By the way don't you think that some relative or friend of yours would like to receive The Review for

A Year

BOY SCOUTS

Last Saturday afternoon, eleven of the Troop went on a hike to the Bazar Bay brickyard. Three Scouts started before the rest and laid a trail which was to be followed by the rest. All had a very good afternoon's outing, and it is hoped that more will take place in the future.

The Troop will meet this evening at 7 o'clock sharp in the Club room. Bring dues for January.

Mr. Patchell will continue his lessons in boxing.

V. GODDARD,
Scout Master.

PRESENTATION TO MISS FATT.

The Girls' W. A. held their regular weekly meeting at the home of Mrs. Whiting last Monday evening. Owing to the absence of the president, Miss R. Matthews presided. As a token of their appreciation of her services to the W. A., Miss W. Fatt, the late secretary-treasurer, was presented with a silver ring. Miss Matthews making the journey to Victoria for the purpose of presenting the ring to Miss Fatt. A vote of sympathy was tendered to Miss Bentley on the death of her father, and the members expressed their keen regret that Miss Bentley had been called home to Lethbridge, Alta., where she will remain.

The next meeting of the organization will be held at the home of Miss Violet Wright, Fourth street.

KEEP THE MONEY AT HOME.

The province is flooded with products that are made somewhere else, mostly in the United States, and Santa Claus gladdened many kiddies with toys made in Germany, and shipped via the States. Christmas cards from Winnipeg were mailed by thousands in this province, while thousands of Christmas cards made in B. C. remain unsold. Thousands of dollars continue to leave this province for mail order concerns in Chicago, and mail order literature is being sent by the thousands all over the province, in towns and even logging camps. There is even an increase of mail order marriages, for matrimonial bureaus are "working" this province more than ever. These agencies are in eastern States and California.

This is all wrong. Loyalty to the home town and the home province demands trading at home. The "Made in B. C." campaign merits the strongest support. Secretary A. E. McKelvie has accomplished an amazing amount of good and has been instrumental in keeping probably millions of dollars from getting away, but there is still too much money going out of this province, in payment of commodities that may be obtained here. One mail order catalogue on our desk has the effrontery to observe: "Buy from us; we can give you better values than your own little town merchant." This is untrue. The average "little town merchant" offers better values than any cheap-jack mail order house can give. The home merchant is your neighbor. If you are not satisfied, he will exchange the article, or refund your money. You should ignore all mail order blandishments and buy at home.

THE CALAMITY CROAKER.

Funny how some people put their foot into it every time they get away from home. Winnipeg paper gives news story and quoted "Mr. F. A. Ansell, prominent business man of Vancouver," as saying, among other things: "Conditions in British Columbia have been very depressing for months, but we are all hoping for the best. But we lack the resources of the prairies and perhaps suffer from the true community spirit of enterprise."

Who is "Mr. F. A. Ansell," and what line of business is he prominent in? The telephone directory has no record of his name. It is just irresponsible statements like that, voiced by men who are talking through their hats, that causes erroneous ideas to get out. There is no truth at all in the half-cooked statement. British Columbia does not lack any community spirit, and has not been going through any particular depressing days. In fact, this province has seen more prosperity than any other place of its size in the Empire. We do not lack resources.

WAS IT MADE IN B. C.?

Before you buy another thing from the store—except, of course, foodstuffs or something that has to be imported—ask the dealer: "Was it made in B. C.?" The shoes you wear, your clothing, your gloves, your piano, your furniture, your cement and bricks, your canned foods—in fact, everything that might suggest the question.

This advice means much more than mere loyalty to your home province. It means something, indirectly or directly, to you! Isn't this fair? Remember, we are importing millions of dollars worth of things from the United States and elsewhere, and the very same products can be bought, cheaper, from the made-in-B.C. market. There is, for one thing, the tariff saving and freightage. Other considerations must be remembered. Remember, also, that half the things you buy from the United States can be made quite as well in B. C. We owe no great debt of gratitude to Uncle Sam, especially when recalling Uncle Sam's selfish policies in currency and other things. But we do owe a debt to ourselves as loyal sons and daughters of British Columbia. Then, please, why buy from American markets when our own good market of B. C. has things to sell us?

We will admit that this province may be young in some industries, and it is imperative to buy some things from an alien market, but this condition is passing. British Columbia's factories, now branching out widely, are becoming able to furnish almost everything they are able to turn out across the border or anywhere else.

There are some things ruled in foreign lands but not in this province, such as tea, coffee, sugar, dyes, etc. Then why not make sure we get them from the B. C. wholesalers, instead of from some other source?

British Columbia is entering upon an era of unprecedented prosperity, and a vastly increased payroll is being diffused. That money will bear its effect upon

every nook and corner of this province in time. It is easy for you to help. You do not have to pay more. The quality is as good, perhaps better.

So, please, ask the man in the store, or wherever it is, before you buy "Was it made in B. C.?" If it was not, then try a store that has what you want with this suggestion.

THE TRAGEDY OF UNSKILLED LABOR.

Many towns and cities have men out of work because they neglected to specialize in something when they had the chance. It is the tragedy of unskilled labor, and merits sympathy, of course, but it is retribution. There are trained men, too, among the unemployed, but they do not usually stay that way very long, if they have their particular calling down to a fine point. These are municipal election days in some places. Or rather, the elections are just over. During the campaign, in the larger places where the unemployed congregate, the candidates were invariably heckled with the question "What would you do for the unemployed?" The answer is this: "What has the average unemployed man done for himself?"

There you have it! No man can be successful if he spends his idle hours in listless indolence, especially his young life's spare hours. These are tense days of keen competition. The man that can do something well, no matter what, is in demand somewhere. He is sought, instead of being a seeker and a supplicant for a mere job at any old thing.

Next to being unskilled, it is bad to be simply fairly well skilled. That means mediocrity. An employer does not want a mediocre man, if he can get the better man. He is only a make-shift. So it is that mediocre men are also jobless and in want.

The same principles apply to the young woman. With rare exceptions, the girls that go wrong and stay there, are young women whose mentality has been deficient, or else who have not been able to eke out a comfortable living as a skilled worker at something. Like men, the offices are flooded with applications for "clerks" who cannot clerk efficiently. So the supplicant for an office job gets tired of looking any further and often takes the "easy way," which, after all, is the hardest way.

IDLE THOUGHTS

One way of setting a precedent is to make a New Year's resolution and then keep it.

Lives of failures oft remind us that one sees lots of correspondence school text books in the second-hand stores.

That peace congress in Washington said nothing about scrapping our gallant fleet of B. C.-Puget Sound battleships.

Just one thing after another, says Dad. No sooner gets through paying for Christmas presents than comes along Easter demands.

With next Christmas nearly a year off, and no need for being good any more, the average B. C. boy is putting the old Nick into his St. Nicholas promises.

Anyway, there are still two ways to achieve fame and get one's picture in the paper. Write a patent medicine ad, or run for some kind of office in B. C.

Surely the Marys of the movies in Hollywood are not going to pass up fine publicity by failing to appear in the movement of the world's Marys with the coming wedding of Princess Mary!

Press dispatches tell of Hindu seditious propaganda thriving in B. C. Deport the agitators, say, to the North Pole, and the turbaned gentlemen may then have a chance to carry on their mission among the Eskimos.

The Rev. William Sunday is closing plans for visiting B. C. before his retirement. As a farewellist, he will probably do it as well as did another eminent William—the Hon. William Jennings Bryan, peerless, fearless, disappearless one.

With a couple of new grain elevators, several new industrial plants, the blossoming of South Vancouver into a municipality, and indications for a bumper market for our farm and orchard products, 1922 looks like a promising year for B. C.

The Camels are coming! It is the name of the latest fraternal order of "Dry" Americans, and it is composed of "Wets" who will be in B. C. next month to study the working of government control. Nothing like practical study of a condition.

Must have some pretty strong apple juice in the Okanagan. Correspondent to Vancouver daily tells of \$17,500 being made by one orchardist in season from eight acres containing 3,000 trees. There's money in apples, but not all that!

Dominion post office service is coming in for some criticism these days. Well, come to think of it, the mail service is apparently defective sometimes, especially after the end of the year, or the end of each month, when replies fail to come back to the over-due statements worried business men send out.

Well, well, see how popular British Columbia is becoming with our Yankee cousins these days! Fourteen conventions from the States are scheduled to nominally spend part of them in Seattle, winding up the "social" conclusion in Vancouver. For years they have chosen some east metropolis. That shows you what fine scenery everything will do for a place, when it becomes known. O, you Government perils!

Children's Savings Account

It is a pleasure—not a trouble—to open Savings Accounts in the names of your children. Even if you intend to deposit but a dollar at a time in each account, we welcome this business because it is an education in thrift, and we are glad to assist you in teaching your children to save. \$1. opens a Savings Account. Deposits of \$1. and upwards are welcomed.

ARRIVED HOME TOO LATE

Them any friends of Miss Bentley, stenographer at the Alpine Club offices, will be sorry to learn that she was summoned to her home at Lethbridge, Alta., last Friday, her father being seriously ill. Miss Bentley left Victoria on the midnight boat, but arrived home too late to see her father alive, he having passed away before her arrival. The large number of friends of Miss Bentley extend heartfelt sympathy to Miss Bentley in her sad hour, in which The Review joins.

ENJOYABLE EVENING.

The Young Peoples' Society of the Union Church held a very pleasant social evening in the Wesley Hall last Friday. Games and music soon passed away the hours, the orchestra contributing several excellent selections, and Mr. W. Cowell favored those present with a song during the evening. Refreshments were served and a silver collection was taken up for the purpose of defraying the cost of the new stove recently put up in the hall.

CAR SMASHED.

While Mr. and Mrs. Geo. McMullen were returning from Victoria last Monday, after visiting in Vancouver for a few days, they met with what might have been a very serious accident. When on Menzies street their car was run into by a coal truck and was badly damaged. It was only by the merest chance that the occupants of the car were uninjured, and their host of friends will congratulate them upon their escape.

TEMPERATURES FOR JANUARY.

Healthy, Happy Boys and Girls

IS your child healthy? Is he or she up to standard weight, of good color, with plenty of rich, red blood to nourish the growing tissues?

For children who are thin, pale, anaemic, under weight, nervous, restless, sleepless, Dr. Chase's Nerve Food is of the greatest benefit imaginable.

Being mild and gentle in action, and yet wonderfully potent as a restorative, it soon makes the blood rich and builds up the feeble nerves.

50 cents a box, 6 for \$2.75, all dealers, or Edmondson, Bates & Co., Ltd., Toronto.

REVIEW OF CALGARY MARKET

(From Market Examiner, Calgary)

CATTLE

CALGARY, Jan. 12.—Good quality steers are a better price at Calgary this week, with the tops \$5.65@6.10; choice butchers, \$4.60@5.60; good, \$3.75@4.50; medium and common, \$2.50@3.75. Choice cows and heifers, \$3.50@4; good butchers, \$2.75@3.50; medium, \$2@2.50; common and canners down to \$1.50. Bulls steady at \$2@2.40 for tops; common down to \$1. Calves not plentiful, and prices slightly up, with tops \$3.50@4.75. Choice heavy feeders of better quality are being taken, with tops advanced to \$4.25@5; choice stocker steers up to \$3.75, and common down to \$2.75. Choice stocker heifers \$3, and down to \$2.25. Some very good stocker cows have been sold this week, which put the tops a little out of line, but good ones will bring \$2.25@3.25.

HOGS

Calgary had a big run of hogs last week-end, and prices at the close were \$9.25@9.35. Tuesday there was a load at \$9.25; Wednesday there was quite a run at \$9.35. Thursday's sales were at \$9.25@9.35.

SHEEP

Choice lambs at Calgary bring good money, with a sale early this week up to \$9.50, and common light ones down to \$6.50. Choice ewes up to \$6.25, and common down to \$3.50; wethers, \$5.50@7.

GRAIN

Markets swing up and down, but the range is fairly narrow. Winnipeg demand for cash is not active, but position of Canadian wheat looks satisfactory. Occasionally markets are upset by report of cheaper offers of Australian and Argentine wheat, but with limited supply of hard wheat which Canada has, there does not appear to be cause for serious alarm.

PRODUCE

Egg prices broke unexpectedly this week, and Calgary dealers quoting \$12 as buying price now; all Canadian and American prices much lower. Butterfat prices all 5c lower; cream stations, 30c, 27c, 24c on specialties, first and second grades; creameries, 34c, 31c and 28c. Creamery butter prices will drop about 5c next week; all markets much lower, and coast and western prices greatly reduced owing to low offers of Australian and New Zealand butter; outlook is unfavorable. Dairy butter dealers report heavy receipts; prices weaker, and will go lower next week; fancy table, 25c@27c; grades, 15c@22c according to quality. Poultry, chicken, 13c@15c; fowl, 10c@12c; dressed, 4c over; ducks and geese, 17c@18c; dressed, 5c over; turkeys, 22c live, 6c over. Practically no market for potatoes.

HAY

Dealers reporting some inquiry, but not much business; not many applications for free freight. Prices unchanged, with upland, \$13@14; timothy, \$17@18, paid by dealers to farmers.

HIDES

Low values and lack of a market reported by all buyers. Green hides 2c@3c is all that the market here will stand.

FURS

Prices firm at recent advances, but market a little quiet until auctions are held, when prices will be established.

PRETTY NEW CAT SCATTERS CROWD

VANCOUVER, Jan. 19.—Although one or two small boys and girls wanted to fondle a pretty, strange little pussy with black and white stripes, that appeared suddenly and shyly on the sidewalk near a popular vaudeville house the first of the week, their elders sternly forbade such familiarity and fled in fright. Several busy men, musing at their ease, observed the apparition in the nick of time and stepped aside with alacrity and trepidation. The "high brow" name for the little animal is "mephitis mephitis."

CABIN CORP'S LEAVES \$4,000

VANCOUVER, Jan. 19.—The dead body of an unknown man was found in a lonely cabin in a poor district a few days ago, and heirs are sought for \$4,000 found in cash and deeds in the pockets of the corpse.

PAYS ELECTION BET.

VANCOUVER, Jan. 19.—"If Louis Taylor is not elected I will swim in English Bay for thirty minutes on Sunday morning," wagered an W. McGrath, produce man. And he did. But he was fished out of the water half dead and so numbed that an ambulance was summoned. Mr. McGrath, who was an ardent supporter of former Mayor Taylor, made a bet of his swim against \$50, his opponent wagering the victory of Mayor Tisdall.

\$75,272 RAISED FOR BRITANNIA BEACH

VANCOUVER, Jan. 19.—Britannia Beach sufferers will benefit to the extent of \$75,272.37 raised by the committee, through the Board of Trade, and under the direct management of B. A. McKelvie. The expenditure was only about one-sixth of one per cent of the total. Workers even paid much of their own expenses. From this fund, annuities will be paid to widows and orphans. One hundred and sixty cases are included in the list of beneficiaries.

Rude Rural Rhymes

BILL QUITS.

We view the farmer with alarm because he won't stay on the farm. He moves to town and there he lives, while here and you his flivver flivs, and city paper wonder why he thus neglects our food supply. How can he tear himself away from smells of flowers and new mown hay? I tracked one rustic to his flat and begged of him by this and that to answer if he felt no shame, in spite of youth and stalwart frame, to quit thus cold the farming game. "Nay, nay," goth he, "by ding and dang, I suffer not a single pang. The crops I sold went cheap as dirt, I needed cash for baby's shirt, and for my wife's—that is to say—though South Sea belles wears suits of hay, my woman hates to dress that way." "But Bill," says I, "all men are brothers, you farmers ought to feed the others." "The world can feed itself," he said, and threw me out upon my head. Too husky he for me to fight, and anyway the cuss was right. Long laboring hours and meager gain this rural exodus explain.

—BOB ADAMS.

FAST DOPE SHIPMENT BARED.

VANCOUVER, Jan. 19.—"All boats from ports of Asia bring illicit dope to Canada" is the sweeping headline accusation made by the Vancouver World, in a sensational expose that has started an investigation. It is announced officially that the probe will not cease until the dope smuggling evil is wiped out, or, at least, abated considerably. It has long been realized that Vancouver and Victoria formed the two great dope distributing points for the Pacific, exceeding even San Francisco, in the opinion of the authorities.

GIRLS ORGANIZE BRASS BAND

VANCOUVER, Jan. 19.—Twenty-two young women, employed in a local department store, are organizing a band and orchestra. They will call it the Girls' Own Band. Several are skilled instrumental performers. Former Banbmaster George McDuff, overseas veteran and bandsman for many years in the British army, is instructing them free of cost until they are able to play well enough for remuneration. The girls' uniform will be of vivandiere style, with leggings, field service caps of the Belgian tupe, and other attractive fittings to military raiment. They hope to tour the province in their holidays next summer.

MATRIMONIAL ADS FLOOD VANCOUVER Y. W. C. A.

VANCOUVER, Jan. 19.—An enterprising matrimonial bureau of the middle west has secured names of many members of the local Y. W. C. A. and the girls are now receiving letters from distant swains who seek mates. It is believed some member sent out a list of the young women as a joke. Although the girls are mostly taking it in fun, it is whispered among themselves that more than one member is taking the thing seriously and getting acquainted with interesting, lonely correspondents in the American city.

UNEMPLOYED FORM UNION

VANCOUVER, Jan. 19.—The unemployed here are forming a union. Their bylaws will demand certain concessions from employers, the elimination of Asiatic labor, the discharge of men who have not lived in Vancouver for one year, and the black-listing of men who work for less than a stipulated scale per day, with eight hours per day. Radical policies of the most pronounced kind, are creeping into the body of workless men, and speakers prominent in agitator circles in Seattle and Portland are supporting their gatherings.

SENDS MESSAGE TO NEW MINISTER.

VANCOUVER, Jan. 19.—One of the first letters to congratulations to the Hon. J. A. Robb, new Minister of Trade and Commerce, came from the Republic of Mexico through Senor Hector Villatorro, Mexican consul for British Columbia. Mexico has been in close touch with this province for months, in opening up a merchant marine trade relationship. Three Federal officers from Ottawa are now in Mexico conferring with President Obregon. Former Minister H. H. Stevens interested himself in the opening of this important new market. And with the change of cabinet, the wide-awake Consul Villatorro lost no time getting in touch with the power at Ottawa. At Ottawa the Mexican congratulations, arriving on the very date of Minister Robb's appointment, is reported as a masterly piece of diplomacy that augurs well for Mexico's enterprise, and trade relations with Canada.

QUEER WAY TO PAY RENT

England is noted for venerable tradition and odd customs. Some days ago, two bundles of faggots, a hatchet, a billhook, six horseshoes and "sixty and one" horae shoes were given to an agent of King George V as "rent in kind" for a small plot of land in the Strand where a forge originally stood and for another piece of land in Shropshire. Way back in the year 1235 a tournament was being held in a field where the law courts now stand and during the tournament a knight's armor gave way. A smith repaired it so well that the King gave him the right to erect a forge on the field stipulating that the annual rent should be six horseshoes and sixty-one nails. The rent has been so paid ever since.

LETTERS FROM MR. DEAN TO BOARD OF TRADE

The Question of a Suitable Road Taken Up With Mr. M. B. Jackson, M. P. P., and the Hon. Dr. King, Minister of Public Works.

The presentation of eighty-three acres to the people of the Saanich Peninsula by Mr. John Dean is a matter of general satisfaction and has created much interest, and we feel that the following letters regarding this matter will be a lively interest to Review readers.

The following is a communication received from Mr. John Dean by Mr. W. H. Dawes, secretary of the Sidney Board of Trade:

"Your favor of Dec. 15, 1921, to hand, conveying the Board's appreciation of my presentation of a Park to the good people of the Saanich Peninsula, and your desire that I should accept the Honorary Presidency of the Board, which I am pleased to do, and for which I thank you.

You will perhaps be cognizant of my efforts to secure a road from the old West Road, and my success in getting one Gazetted, which has met with objection, resulting in threats to cancel it.

I enclose copy of letter I wrote to our member, Mr. M. B. Jackson, who has been of great assistance in this matter, and only today he assured me he would go with me to the Hon. Dr. King, and endeavor to accomplish the intention of the letter, when the pressure of more important business was over. You will note the letter speaks of nine-tenths being public park. After writing the letter, I discovered that if I gave ninety acres I should have no frontage on existing right-of-way, so had to decrease the Park area to eighty-three acres.

"I enclose topographical map showing existing recently Gazetted road, and suggested extension towards Sidney. Also unopened Gazetted road from Breed's Cross Road to Mount Newton Cross Road, which is entirely impractical for vehicular traffic, but it occurs to me in thinking over it, that a footpath could easily be formed over it, and though it would be of an Alpine character, it would make a decided short cut, and an alternative route to and from Sidney and Mount Newton Cross Road. There is a fence across it at each end, but these could be got over by a stile, so as to avoid any possible inconvenience to persons who might be affected by their removal.

"This route would appeal to the young and robust, having the advantage of leading visitors direct to the Park without further guidance, and a still further advantage of giving ocular demonstration of its impractical character for vehicular traffic, and thus further the requirement of a road for vehicles on a practicable grade.

The cost of a path would be trifling, doubtless your Board could prevail upon the provincial government, and the Saanich Municipality, doing their respective parts. On the north side there would be a slight detour into the Indian Reserve around a swamp.

"I preserved your right to a reservoir site if required, as promised before. The dread of the timber being destroyed by fire tempted me to offer it for sale, but I found out from my neighbor, Mr. Marcotte, that a fire ran completely over the mountain twenty-five years ago, but did not kill the big Douglas fir, of which there is over a million feet; it destroyed a lot of cedar, but there is still over 60,000 feet; the thick bark protected the fir.

"I made special reservations for the preservation of the timber, and I feel sure as time goes on it will be a source of increasing gratification, as it is to me to be able to donate it.

"The gift now only anticipates a provision in my will, made some years ago.

Yours faithfully,

JOHN DEAN.

The following is a copy of a letter written by Mr. John Dean to Mr. M. B. Jackson, K. C., M. P. P., regarding the road in question:

"Now that nine-tenths of this section is public park, the question of this road assumes a wider aspect, inasmuch as it becomes beneficial to the public generally, particularly to your constituents in Sidney, all of North Saanich, and South Saanich municipality; altogether aside from its value as part of a tourist route to one of the finest viewpoints on the island, elevation, 1,000 feet.

"Having in mind the benefits that will accrue to all concerned, I cannot refrain from urging you to intercede with the Hon. Dr. King, not only for the retention of the portion already surveyed, but for the surveying and Gazetting of a continuation of the road over the summit and on to an intersection with the East Road, when it can be done with less friction or opposition than at any other time, now that the logical location for a road (i.e. the line of least resistance) would pass through nearly, if not altogether, unimproved land.

"It does not necessarily mean that any work at all should be done on it now. Work could be done on it progressively from year to year, beginning with a footpath, having stiles over fences, chopped out roughly, and narrow, on the alignment of location; the stiles over fences, with penalties provided for trespass of abutting land, would avoid irritation of abutting owners, and dispense with the necessity of fencing immediately, as called for in the Highway Act.

"In view of the opposition to the proposed road, now,

through entirely unimproved, partially logged off land, of little or no value for agricultural purposes, I am sure you will realize how much more difficult it will become as time progresses.

"After the most careful reflection, I cannot change from the stand I have taken, that I am entitled to a right-of-way on a practicable grade, the land having been privately owned for 36 years. I know it is suggested I should get it through Indian Reserve, though I am not sure that the province can force a road. Indian agents advise me that in any case it involves compensation. No matter where you locate it, the persons affected have as much right to object as the present objectors, having their example. The present location is the logical one, as it has the advantage of 150 to 200 feet more elevation than any other approach from the North, East or South. I enclose you topographical map which proves this. I have put a line showing suggested continuation into your electoral district. I would point out that barring the existing impractical road there is a territory of four square miles without a road through it. In my humble opinion the logical location for a road to bisect this area is the diagonal one I have outlined.

"I only wish the Hon. Dr. King and yourself could go over the ground. I should be delighted to have you as my guests any fine day. It would do you both a lot of good to get out in the bush, in a ramble over very fair paths of about one and one-half hours, before a good lunch at my cabin, and one and one-half hours after, you could go clear over the mountain, leaving the motor at Marcotte's farm on the south side and picking it up on the west road, on the north side of the mountain, from whence, in three-quarters of an hour, you could be in town again. I would use a McLaughlin car I hire for this jaunt, having a very safe driver, with ample seating for four besides the driver and myself, so you could bring two more that you think would enjoy it.

"If Sunday is fine, we could leave at 10 or 11 a.m. and be back in town by 4 or 5 p.m. easy. I will phone you Sunday if fine, to see if you can get the Hon. Dr. King to go.

"I venture to suggest that the Works Dept. should advise the municipality of South Saanich of the existence now of the 83-acre public park having a frontage of 2,000 feet on their boundary, that it would be in the interest of their constituents as a whole to retain the road, and if possible meet the objectors by any reasonable modification of the location of the road that would not materially add to the grade.

Yours respectfully,

JOHN DEAN.

The Lumber Outlook For the Present Year

With the period of depression definitely passed, British Columbia's lumber industry expects to get back to its normal production stride this year. Last summer the industry suffered from one of the worst slumps in its history. Prices sagged to the breaking point and yet there was no market in the places that usually produced the best customers. Only the export trade was active, but comparatively few mills were able to take full advantage of the opportunities offered.

Reduction in rail rates, coupled with a general improvement in eastern demand, which has already become noticeable, is expected to put the lumber market situation back where it belongs.

The railroads, both Canadian and American, appear to be in need of lumber in large quantities, and announcement was made that the Great Northern system will place a fairly large portion of a \$10,000,000 order with British Columbia mills this year. Business between British Columbia and California was never better, so far as lumber shipments are concerned, and it is apparent that the district surrounding Los Angeles is enjoying an old-time building boom. Lack of tonnage is the only handicap.

The prairie market is not expected to yield the usual volume of orders until agricultural conditions become more settled, but it is known that there is an actual shortage to be met some time in the near future and that when a sincere effort at replacement is made it will mean a great deal of business for the coast mills.

The Atlantic coast of the United States is buying much British Columbia lumber, and the Boston market is sending in orders for 250,000 feet or more every week. Charleston is also buying, and both these centres are being served direct by steamships passing through the Panama Canal. Reduction in rail rates is expected to take some of this business from the water route, but it is probable that the steamship lines can afford to cut again in retaliation and retain a large share of the trade.

The Japanese market is holding out well and regular shipments of big timbers are being made. One big Japanese concern recently offered to purchase the three years' production of a Vancouver mill at the current market quotations, thus demonstrating that Japan will probably be buying for some time to come, and that the present movement is not a temporary development.—The Financial Post

JOB PRINTING

We are in a position to handle job work in a satisfactory manner, and will appreciate any orders received. The Review plant is well equipped in every way, being the largest and most up-to-date of any found in a town the size of Sidney. We have added considerable equipment to the Review plant during the past year or so in order to be in a position to successfully handle anything that may be placed in our hands in the commercial job printing line. The Review has had splendid support in this direction, and this fact is very much appreciated. If at any time our customers are not satisfied we hope they will tell us so, and we will endeavor to make it right. We go on the principal that only the very best work is wanted by our many customers, and we endeavor to give them what they want. To those who have printing to be done, we ask them to give us a chance to do it. We feel sure that our prices will be found reasonable, consistent with good workmanship.

The many friends of Mr. and Mrs. Brotherson, of "Mallowmot Farm," will be pleased to learn that their little son, who had been so ill, has taken a turn for the better.

Miss Grace Simister has accepted the position of stenographer at the Alpine Club offices, a position left vacant by Miss Bentley leaving for Lethbridge, where she will remain.

Are you interested in reading? Do you belong to the Sidney Public Library? If not, why not? The fee is only \$1 a year, and you can get all the best books for about 2 cents per week.

Mr. Briggs, of Sooke Harbor logging Co., was in Sidney for a few days last week, being a guest at the Sidney Hotel. He left on Sunday for San Juan Islands to visit some of his old friends.

If you are a new resident of the Sidney district, and do not take the Review, phone 28 and have the next edition sent by mail. The cost is small, \$2 per year, or six months for \$1. If not too far out, the paper will be delivered to you every Thursday afternoon.

The annual meeting of the Veterans of France will take place next Saturday evening in the club room, Beacon avenue. On account of their being a number of important matters to come before the members, it is hoped that there will be a large attendance. Meeting will commence at 8 p.m. sharp.

The Deep Cove Social Club card party last Monday evening was, as usual, a very enjoyable affair, about 40 people attending in spite of the cold weather. The ladies' first prize was won by Mrs. Peck, and Mr. P. Smith secured the gentlemen's first prize. The ladies' consolation was won by Mr. Leo, and Mr. Peck was awarded the gentlemen's. All who attended report have a very jolly evening, and are looking forward to attending the next one.

THE AUDITORIUM

Houdini, the famous illusionist and self-liberator, in a thrilling screen melodrama, "Terror Island" will be the attraction at the Auditorium Theatre next Saturday and Tuesday evenings, with Saturday matinee. To save some sunken treasures of ships that have been sent to the bottom, forms one motive of the tale. But there is, in addition, a skull shaped pearl upon which a man's life depends; a lovely girl, kidnapped by her villainous relatives; a submarine built on a startling plan; South Sea Island adventures—enough thrills, it is declared, to make the ordinary adventure picture seem tame in comparison.

Above all, Houdini himself in underwater stunts that draw upon his exceptional powers to the last degree is the outstanding feature of the picture. He escapes from a closely bound safe while under water, fights a smashing battle with a diver on the bed of the ocean, and performs other hair-raising feats that are declared to surpass anything he has ever done on the stage.

Lila Lee is the leading woman for Houdini, and there are a number of other well-known actors and actresses in the melodrama. This is one of the most thrilling pictures yet shown at the Auditorium, and it will interest you from start to finish.

Enjoyable Time at Social Club

About thirty members turned out to spend an evening at military five hundred at the Sidney Social Club rooms last Tuesday evening, in spite of the cold weather. Those winning the highest number of points were Mrs. Harrison, Mrs. McMullen, Mr. McKay and Mr. McIntosh.

Refreshments were served at the close of the game, the hostesses for the evening being Mrs. G. A. Cochran, Mrs. A. Critchley and Miss V. Wright, and the arrangements made for the evening delighted all present.

The young (single) men of the Club have the arrangements in hand for next Tuesday, Mr. Geo. Dickson being the convener, so everyone can look forward to a real good time.

During the evening a vote of thanks was tendered to the committee for the delightful evening and dainty luncheon served.

Miss Grundy, of Salem, Ore., was a visitor to the club.

Beautiful Home Burned to Ground

A fire which started in one of the upstairs rooms of the picturesque residence of Mr. W. J. Taylor, K. C., known far and wide as "Mallowmot Farm," resulted in the total destruction of the house and its contents last Friday.

Despite the valiant efforts of neighbors and a number of men sent from Deep Cove, it was found impossible to save either the building or its contents. Mr. Taylor was in Victoria at the time, but as soon as he received word of the fire he made the journey to the scene with all possible speed, but by the time he arrived, the flames had done their worst.

Mrs. Ponton, a daughter of Mr. Taylor, who has been living at the farm for some time, was at lunch, and the fire had made considerable headway before assistance could be secured. Mrs. Ponton lost a number of articles in the fire, of which was a quantity of silver received as wedding gifts.

Due to the watchfulness of neighbors the flames were confined to the house, and the district thus loses one of its most picturesque old residences, which has been the scene of many happy scenes.

Interesting Items From W. Saanich

(Review Correspondent.)

WEST SAANICH, Jan. 17.—Mr. R. Barlow, of Bamberton, visited friends in Tod Inlet on Sunday.

Mr. and Mrs. Ronald Pitzer, of Victoria, visited at the home of Mr. and Mrs. R. J. Carrier on Sunday afternoon.

Mr. and Mrs. Harold Down were the guests of Mr. and Mrs. R. J. Freeland on Friday last.

Mr. and Mrs. A. McGavin, of Victoria, were among those who came

out to enjoy the skating on Sluggert's swamp on Sunday afternoon. The ice was rather badly broken up and several of the skaters went thru, but despite this there was a lively game of hockey played between the following teams:

Victoria—R. Pitzer, F. Webster, S. Allen, V. Pitzer, J. Pitzer, H. Pitzer and D. Stewart.

Saanich—F. Tomlinson, L. Thomson, B. Warriner, C. Hammond, M. Tubman, A. Kersey and J. Kersey. The honors went to Saanich with a score of 3-1. The latter team will play against a Victoria team on Tuesday evening at the Arena. Several local boys are going in to witness the match.

Miss Thelma Pitzer left on Monday afternoon for her home in the city after spending a few days at the home of Mr. and Mrs. Parsell. She was accompanied on her return by Miss Winona Parsell, who will remain in Victoria for a few days as her guest.

Mr. and Mrs. Knappenberger left here on Tuesday for a trip to California. They will go to Portland, Ore., and at that point will be joined by Mr. and Mrs. L. C. Newlands, of Oswego, Ore., who will accompany them on their journey south. They expect to be away about a fortnight.

A whist drive was held at Bamberton on Wednesday evening and a jolly time was spent by the several guests. Mrs. Savage and Mr. Strohm were the successful contestants, while the consolations were presented to Mrs. Anderson and Mr. R. Barlow. Another feature of the evening was the election of the Social Committee. This committee remains almost unchanged with the exception of one or two new members, the personnel being as follows: Mrs. Milne, Mrs. Stephens, F. Reese, Mr. Milne, Mr. McMurtree and H. Kidd, Mr. Anderson (superintendent) honorary president.

Mr. E. Sidwell has commenced work on his new home. This building is being erected on the property adjoining Mr. S. Sidwell's farm on Johns Cross Road, and when completed will be a neat and attractive little dwelling.

Miss Lawrie and Miss Iola Lawrie returned home on Sunday evening after a week's visit with relatives in Victoria.

Messrs. R. Shore, T. Taylor and F. Walker, of Bamberton, were among those who attended the party given by Miss Ruth Tomlinson at her home on Thursday evening. A number of young people from Sluggerts were also present and a most delightful time was spent.

Master Claud Creed, son of Mr.

Creed, of Marchant Road, met with a painful accident on Friday while playing with some of his schoolmates at the West Saanich school. He was mounted on a ladder which in some way fell, carrying the boy with it. His left ankle was badly sprained as a result of his fall.

His indomitable spirit may be judged from the fact that with the aid of crutches and the assistance of some of his boy friends, he arrived to occupy his usual place in Sunday school, on Sunday afternoon, wearing his usual good-natured grin.

Mumps are still prevalent in the district, and not only the children but several of the grown-ups are suffering from the disease. Cases

ELECTRICAL QUALITY AND SERVICE STORES

are gradually becoming fewer in number and it is hoped that another week will bring a clean bill of health.

Miss E. M. Parsell spent the week-end with her parents here. Keating, Brentwood and Sluggerts were well represented at the basketball game and dance which took place in the Agricultural Hall on Saturday evening. The visitors all report a good time.

The dance which was held at the West Saanich Hall on Friday evening was not as well patronized as usual, owing to several counter attractions, but those who were present thoroughly enjoyed themselves. Refreshments were served under the capable management of Mrs. A. Heyworth.

Walter Broows, eldest son of Mr. and Mrs. J. Brooks, has had an unusually severe attack of mumps, but we are pleased to learn that he is now on the road to recovery. Mr. T. Walker, who has been ill for the past week, is now recovering. We join in extending congratulations to Mr. and Mrs. E. Cruse, of Keating, whose marriage took place on Wednesday, Jan. 11.

The sudden cold snap that blew in from the north on Monday evening caught a number of the residents unawares, and as a result a number of the water systems are sadly damaged. Amateur plumbers will have a splendid opportunity to display their skill as soon as Jack Frost takes his departure.

Something you have been looking for—Babies' Fine Rubber Pants. Large sizes. Lesage, the druggist.

and Mrs. J. Brooks, has had an unusually severe attack of mumps, but we are pleased to learn that he is now on the road to recovery.

Have You Anything to 'Swop'

The chances are that you have some article around the house which you would be willing to exchange for something else that would be of more use to you. We are going to start a "Swop Column" next week, so look around the see if there isn't something you will swap for something else. Advertise it in the "Swop Column." It will not cost you very much, and you may be able to get something you have wished for. The "Swop Column" advertising will be at the same rate as the Classified advertisements, 2 cents per word for the first insertion and 1 cent per word for each subsequent insertion. No advertisement accepted for less than 25 cents.
